With Little Nell

I wonder what's
become of Sally?
That old Pal of
Mine?

I hear she's having fun vacation-
ing. And so, my friends, you'll
just have to struggle by with Lit-
tle Nell this week.

Oh, how I hate to
Get Up in the
Morning—
Oh, how I love to
Remain in bed—

That's what I always think until
I hear the bacon (Swift's prem-
ium at only 14c per 1/2 pound)
from Robertson's sizzling in the
skillet. By the time I hear my
husband plowing through the
knife drawer looking for a can-
opener, I'm out of bed. Who am I
to miss delicious pineapple juice
from Farmers K & D? (large 46
oz. can for only 19c)

I'll never smile
Again, until I
Smile at You—

Well, that really isn't what Her-
man said at all. I only wish it had
been (sigh, sigh—). What he real-
ly said (I don't believe in colum-
nists having secrets from their
public)—was, "Lissen, Little Nell,
it's about time I got a decent meal
around here. Suppose you stay to
blankety, blankety blank home
for once and serve something fit
to eat. You know, a hot meal—the
kind that mother used to cook," he
finished with heavy sarcasm.
I confess that maybe his outburst
was justified and so I hustled
right out and bought all the mak-
ings of a grand dinner. Just a few
of the super-special bargains I
picked up were: solid red tomat-
oes from Lucca Ravioli for 3 lbs.
10c; tasty Italian cream cake from
Geneva bakery; for the roast I got

ARTIST'S IMPRESSION OF 'TYPHOON'

An artist's visualization of the romance, the action and the thrills of Paramount's Technicolor ad-
venture film, "Typhoon," now at the Daly City theatre, appears above. Players are Robert Preston,
Dorothy Lamour and Lynne Overman.

It's Not Too Late To Be Counted

When Uncle Sam's census-
takers were pushing Daly City
doorbells, did they miss you?

If they did, it is not too late
to be counted. City officials to-
day urged uncounted citizens
who lived here before March 1,
1940, to contact the local police
department, RANDOLPH 4212, or
fill in the coupon below. They
pointed out that Daly City will
lose approximately \$21.50 a year
in state and federal revenues
for every person missed.

Here is a handy coupon,
which may be filled in and
mailed to the Police Depart-
ment, Wellington Avenue, Daly
City.

Summer Thirst Allayers

By BETTY BARCLAY

Centuries ago the Chinese were well acquainted with lemonade and accurately styled it "thirst allaying water." They held this drink in such esteem that the White House in the time of the Yuan dynasty, called Li-chi-wan, had an imperial orchard planted with 800 large and small lemon trees to provide lemonade for the imperial family!

Lemonade is still just about the most effective "thirst allayer" on a summer day when the thermometer soars and everyone gasps for a cooling drink. Today, however, no one would dream of boiling the lemon juice according to Chinese custom. Freshly extracted juice directly from the fruit is the first requirement for good lemonade. The longer it stands, the less flavor and health content it has.

Nothing could be purer than the juice in citrus fruits, which is ideal replacement for the water the body loses in perspiration when the sun's rays are over-active. Food authorities recommend fresh fruit juice beverages first as cooling drinks, for they actually mitigate the effects of heat.

When you drink a big glass of lemonade, you really do cool off, research workers have found. Exposure to high temperatures may cause as much as 50 per cent loss in vitamin C from the body tissue. For replacement, nothing is better than citrus fruits, most abundant in vitamin C. Lowered vitamin C reserves go hand-in-hand with "that tired feeling," so keep up your lemonade intake!

For a cool, old-fashioned lemonade that will hit the spot, remember three rules. Use fresh lemon juice and plenty of it. Use ice, and more ice. Don't make it too sweet—it's more refreshing a bit on the lemony side. To sweeten, try honey or sugar and water syrup to get the professional touch.

Note: For recipes, use first the lemonade recipe as given; balance as you wish from this selection or other tested recipes which may appeal to you as suitable.

Royal Neighbors Whist Party Tonight

Crisp new money will be offered as first prize for the public whist which Vista Grande Camp No. 6035, Royal Neighbors of America, will sponsor this evening at Eagles hall.

In addition to the cash first prize, there will be many other attractive awards, according to Mrs. Grace Coolidge, chairman.

Playing will begin at 8:30 p. m. All whist players are cordially invited to join the game.

HOUSEHOLD HINTS

Sprinkle grated cheese over the top of scalloped tomatoes. It adds flavor and food value.

Creamed soup should not be served at a meal when creamed vegetables or fish are served.

Meringue is improved by a dash of salt and a little grated lemon peel. To determine when a custard is done put a silver knife into the center. If knife comes out clean custard is baked.

A clove of garlic rubbed around the salad bowl will season the salad, but will not give it too strong a flavor.

A space should be left between walls of a mechanical refrigerator and dishes containing foods to allow free circulation of air. This preserves the food.

Use an electric beater instead of a spoon when beating fudge. It makes it creamier.

Put the fork into the fat of steak when turning it. If put into meat the juices will escape.

Shipwrecks Missing

New Zealand has a shipwrecks society and no shipwrecks. It was disclosed by the Shipwrecks Relief society that money is accumulating in the bank for want of disaster. The society obtains its finances from the shipping companies and the harbor boards of this country, all of which make an annual contribution. Year by year the funds grow larger. Now they stand at \$80,000 and are safely invested. This has resulted in the society now receiving more than it spends. The position is regarded with satisfaction by local governments, it seems. Mayor Arthur H. Allen of Dunedin has said: "It is gratifying to know this money has been invested in gilt edged securities."

Travelers Blessings

Travelers on ancient highways were often protected by a "blessing" placed upon the road and respected by persons dwelling along the route.

Mountain lions and other predators are protected in the national parks.

War Casualties Listed
First casualties of the next war were the hens of Joe Mikulich, and he wants to know what the government is going to do in the way of reparations. While limbering up for Armageddon, if and when it comes, the field artillery of the California National Guard planted an explosive shell in Joe's chicken coop near San Pablo. There was heavy loss of life among the feathered non-combatants, and the survivors, suffering from shell shock, have not laid an egg since.

Frog Business
Frogs give every indication of eventually becoming "big business" in the West. One company capitalized at \$200,000 has filed articles of incorporation for the opening of 20 frog ranches near Modesto, Calif.

Wrestler to Africa
Wrestler "Whiskers" Blake, six feet seven inches, thin and wiry, known to Canadian mat fans, arrived in Africa for 14 days, but has stayed there three years because he likes it.

Cottonmouth Moccasins
The cottonmouth moccasin is a dangerously poisonous snake generally of dark chestnut-brown with some darker barring and with yellowish-white stripes on the head and throat. The common name of this snake refers to the white lining of the mouth, which it is said to display before biting. Cottonmouths may attain a length of four feet. They are not aggressive and most cases of snake bite in which they are involved are due to the reptiles being stepped on.

I wouldn't part with my beautiful new Zenith 1941 console from Byrne's Radio store (lovely walnut finish cabinet and only \$59.95) for all the white swans in the world. No, sir! Besides, where on the range would I find anyone like Beeson's to keep my clothes in good order? And even if there were a cleaner half as good—what point in dressing up prettily for a bunch of antelope?

Chameleon's Colors

The chameleon does not arbitrarily imitate the hue of the object on which it rests, nor is the process wholly under its control. The changes are reactions to certain conditions of light and temperature and to various emotional states, such as fear and anger. The physical cause may be traced to two differently colored layers of pigment under control of the nervous system. The best known species is ordinarily a greenish-gray, from which it changes to emerald green or to dull black, sometimes showing reddish or yellowish spots.

Journey's End

When the steamship Edina, reputed to be the oldest passenger ship in the world, was making its final trip from Melbourne, Australia, Septimus Dandy, who for 20 years had been its quartermaster, stepped to the bridge to bid the captain farewell, collapsed and died in a few minutes.

Kentucky's Contribution

The granite block of stone in the Washington monument which was contributed by Kentucky bears the following inscription: "Under the auspices of Heaven and the precepts of Washington, Kentucky will be the last to give up the Union. 'United We Stand, Divided We Fall.' The stone is placed on the inner wall on the 250-foot landing.

On The Trail of Bargains With Ocean View Sue

Dear Friends:

If Old Mother Hubbard were to go to my cupboard today she would find it so full of good things to eat and household bargains she would never complain about a missing bone.

Chase and Sanborn coffee from the Sure Save Groceries, at only 22c a lb., has a place of honor on the top shelf—we love our coffee.

White Eagle soap chips, large package, are selling at both Andy's and Pesce's markets, for 27c. They give me courage to attack the nursery. It's filthy!

Tucked in the refrigerator is the best-looking steak you've ever seen. Thick—just imagine what it will be, broiled and served with flourish for dinner tonight! I bought it at Alemany Meat market, home of quality meats.

Back to the cupboard—here's hubby's golf bag, neatly repaired by Ocean View Shoe shop. You can scarcely tell Gerald and Teddy nearly tore it in two.

I'm feeling especially good today—I've just had a new permanent at New Home Beauty Shop and my best dress neatly cleaned by Alemany cleaners. Maybe that's why I'm just about to weaken and let the youngsters buy two dozen fresh doughnuts from Ocean View bakery.

Until next week,

Ocean View Sue.

Canadians Like Eggs

The Canadian bureau of statistics estimated that Canadians lead all people of the world in the consumption of eggs. The per capita consumption is approximately 400 eggs a year.

First School Sports

The first regularly organized school athletic meeting of modern times was that promoted by the Royal Military Academy at Woolwich, England, in 1889.

Sir Henry Lander

Most of the tourists who come to Hamilton, near Glasgow, come to see the place where Sir Henry Lander worked as a pit-boy in a mine. No one since the days of Sir Walter Scott has made Scotland better known or better loved.

Rope and Basket

Poland has a new thrill for visitors to Zakopane: a rope and basket passenger service from Krynica to mountain peaks of the Carpathians, an aerial journey not to be duplicated elsewhere in eastern Europe.

Workers' Gas Mask

A new oxygen mask delivering a mixture of about 20 per cent oxygen with air, to be used by mental workers as a protection against fatigue, was recently described to the American Psychological Association by Dr. Arthur B. Ellis of Cincinnati.

Peace or War

Speaking of shot and shell, Diego Carreras Noya, Spanish civil war veteran, found peace deadlier than war. Noya went through the entire conflict without even a scratch. But upon returning to peacetime pursuits he got himself a job, was killed five hours later when a rock fell on him.

New Tree Pruner

A new tree pruner, operating on hydraulic pressure, easily cuts limbs up to two inches thick. Extension poles enable the operator to remove a limb 20 feet from the ground.

English Muffins.
(Makes 12 muffins)

1/2 cup scalded milk
1 cup water
1 teaspoon salt
1 teaspoon sugar
1 yeast cake dissolved in
1 tablespoon lukewarm water
4 cups general purpose flour
3 tablespoons shortening

Heat milk to lukewarm. Add water, salt, sugar, dissolved yeast, and 2 cups flour. Beat well. Let rise until doubled in bulk (about 1 hour.) Add shortening (softened) and remaining flour. Beat and knead well. Let rise again until doubled in bulk (about 50 minutes). Roll about 3/4-inch thick and cut with a round cutter. Let rise 1 hour or until very light. Place muffins on heated griddle, (4 at one time) and fry for approximately 15 to 20 minutes, turning frequently.

Dixie in Donegal

One Man's pass on Slieve League, Donegal, Ireland, is the only place in the world where one can lie on one's face in the grass and look down a drop of 2,000 feet to the sea below.

Cooking Lesson

Left at home to cook his supper while his wife was at the movies, a 28-year-old husband in Prague, Czechoslovakia, became so alarmed when the porridge boiled over and filled the kitchen with steam that he rushed to the theater, calling loudly for his mate. The attendants objected to this disturbance of the performance, but the frenzied man threatened them with violence if they interfered. Charged at the police court with disorderly conduct, he was bound over for 12 months.

Song Bird Club

Late in the eighties the Portland (Ore.) Song Bird club, a society for the introduction of useful song birds, was founded. This organization raised considerable money and imported many birds between 1888 and 1907. It nearly succeeded in establishing the skylark in the neighborhood of that city between 1889 and 1908. The species certainly bred in the neighborhoods of Portland, Salem and Gresham, and existed for 20 or 30 years. The bureau believes that one of these colonies is thriving at the present time.

Automobile Gadget

Martin M. Collins of Danbury, Conn., has patented an emergency automobile horn sounder that blows the horn automatically when the brakes are suddenly applied.

Cermak Memorial

The Cermak Memorial plaque, in Bayfront park at Miami, bears the following inscription: "I'm glad it was me instead of you." Anton J. Cermak, mayor of Chicago—Born May 9, 1873, Kladno, Czechoslovakia—Died March 6, 1933, Miami, Fla. It was here February 15, 1933, that an attempt was made to assassinate Franklin Delano Roosevelt. This shot mortally wounded Anton J. Cermak who then uttered the immortal words quoted above. Dedicated March 6, 1939.

Statue to Anonymous

At Budapest in Hungary is a statue to Anonymous, a notary who wrote a chronicle of Hungarian history, the first page of which having his name was lost; hence the commemoration of an unknown historian.

Soap Nut Tree

Soap nut, the fruit of a handsome tree found throughout India, has been used to wash woolen fabrics, silks and jewelry since ancient times, even in preference to soap. Scientists today have learned to extract the essential matter, saponin, from the nut for use in the manufacture of soapless shampoos, as a foam stabilizer, and as an emulsifying agent for vegetable and essential oils.

Guests Are Welcome

In all Mohammedan countries, hospitality is the strongest instinct, a tenet of religion even, and they have a pretty proverb which, being translated, runs: "A guest is a present from God."

Kansas City Shakeup

The shakeup of the Kansas City police department has really brought results. Cleanup has extended beyond crime and politics. Now Saturday night baths will be given the wall—here's the story from the beginning. A police captain strolling through a park noticed the fish pond was scummy and the gold fish were mighty dingy. He ordered the water changed and each fish washed every Saturday night in a salt solution to brighten it up a bit.

Jack of All Trades

Darius L. Martin, who died at Deer Island, N. H., at the age of 91, was a jack of all trades and master of each. His diversified work included undertaking, basket-making, carpentry, cabinet-making, painting, veterinary surgery and farming. He was also a justice of the peace.

House Fly Massacre

Pupils of the ninth grade at Tiffin, Ohio, told that every housefly killed now means millions less later in the season. Killed 8,226 of the insects in one week. They computed that their victims would have been ancestors of 45,336,000,000,000,000 buzzing, disease-breeding descendants by next fall.

Cream 1 cup butter, add 1/2 cup sugar slowly and beat well. Sift together 1/2 cups general purpose flour and 1 teaspoon salt and knead into butter mixture. When smooth dough is formed, divide dough in half and pat each portion into a round layer cake pan (greased). Flute edges with dull edge of knife and prick top of dough with fork. Bake in moderate oven (350 degrees) about 25 minutes. Break in pieces to serve.

- 8 cups carrots (sliced)
- 2 lemons
- 2 oranges
- 6 cups sugar

Put carrots, whole lemons, and whole oranges through the food chopper. Add sugar and cook slowly for about 1 hour. Stir frequently. The mixture should be thick and clear. Pour into sterilized containers and seal. To vary the flavor, add a little cinnamon, cloves or ginger tied in a spice bag.

Oldest Boy Citizen

"Oldest citizen of Brussels," Belgium, is but a boy who has functioned ingeniously as a fountain for 300 years. He has a private income, has been decorated by emperors and kings, and has a famous wardrobe which he wears on occasion without interference with his fountain function.

Sunniest German Resort

The Black forest of Germany is white in winter when the ski races are held and black in summer, if the shadows beneath its trees can be called black. Actually, Freudenstadt in the Black forest is famous as the sunniest resort in Germany.

Oldest History Book

The world's oldest history "book" is an ancient stone tablet in the National Museum of Palermo, Sicily, which records the years from 2400 to 2700 B. C. not by dates but by mention of important events and personalities.

Concord Grapes

In 1840 some boys of Concord, Mass., gathered wild grapes in the nearby woods. On their way home they threw some of the seeds on the land of Ephraim Bull. Mr. Bull preserved one of the seedlings that sprang up, and when it fruited he planted its seeds. One of the second generation of plants proved superior to the others, so he preserved this, which became the parent of that variety of grapes. Thus the "Concord" grapes.

That's Cricket

Although ordered by his physician not to leave his bed, Gerald Backhouse hopped out, dashed to the Melbourne, Australia, cricket ground and won his heat in the qualifying mile championship event. He returned to bed, stayed there till noon the next day, then started again and won the final.

Wanted: One Wife

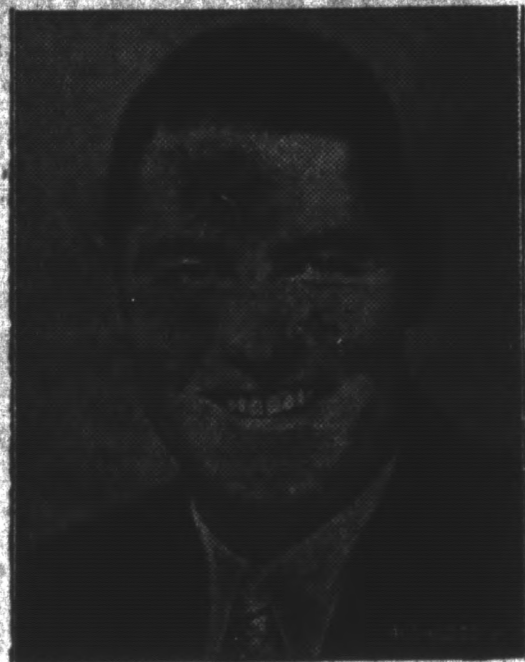

After all, there's nothing like being particular. From a farm in Boxville, Ky., 34-year-old Joe Ellis Baker went to Evansville, Ind., and asked police there to help him find a wife. Qualifications: She may be either blonde or brunette, but must be a good cook, pretty and under 26. But the foregoing combined advantages are not quite enough for choosy Joe. It is absolutely essential that she also have \$20,000 so he can buy a farm.

Impulses Influence Life

It is much easier to act firmly and bravely under a strong impulse than it is to restrain an impulse when called upon to do so. Of all the battles of life there is not one that requires so much real courage as that silent battle with self, which every dutiful person finds it frequently necessary to wage.
